

2021 SUMMER ART WEEKS & CLASSES Health & Safety Information:

Please read through the Attleboro Arts Museum's summer health & safety plan carefully and feel free to contact us at 508-222-2644 x15 or arovaldi@attleboroartsmuseum.org with any questions. We ask caretakers to review all health and safety requirements with their child in advance of the first day of class.

OF NOTE: In-person art classes may transition to a virtual format (via Zoom) due to a change in health & safety mandates.

1 — Virtual Signature Page:

We require the online completion of this form prior to the start of each art session at the Museum. **A link to this online form will be included in your enrollment confirmation email, and must be completed prior to the start of your/your child's art week or class*:**

If you've registered more than one child, please submit a signature page for **each child. Click on "submit another response" at the end of the online form to complete another signature page.*

2 — Curbside Drop-off & Pickup:

To allow for social distancing and health & safety procedures, we will utilize curbside drop-off and pickup of all art students.

When you arrive at the Museum for Drop-off:

- Arrival time for art sessions is no earlier than **10 minutes** before the scheduled start time.
- Please drive to the Museum's parking lot and use the Morey Street lot entrance. **Please only enter the lot using Morey Street – the lot will be one-way for easy in and out.** You will see a staff member waiting for you with a wave!
- **Before your child exits your vehicle:**
 - You will be asked for your child's name and who will be picking them up that day. *All pre-authorized pickup individuals will be required to present an ID.*
 - We will then take your child's temperature with a "no touch thermometer" through the vehicle window. If any student has a temperature above 100.3 degrees, they will be asked to leave and contact their doctor for further advice.
 - Please have your child ready to enter with their mask, smock and backpack already on.
- If the above steps are completed successfully, your child will be escorted by a staff member or intern to their art studio. *If your child needs to wait for a staff member or intern, we will ask them to stand on social distancing floor markers in our lobby (laid out 6ft apart).*

When you arrive at the Museum for Pickup:

- **Please enter the parking lot as you did for drop-off, using the Morey Street entrance – the lot will be one-way for easy in and out.** You will see a staff member waiting for you with a wave!
- You will be asked for the child's name you're picking up. All pre-authorized pickup individuals will need to present an ID.
- Once pickup is confirmed, we will send your child out to you.

3 — Health & Safety Requirements:

- **Cover Up Creatives — Please wear a face mask or face covering to art class.** Coverings must be properly worn throughout a visit to the Museum.
- **Art is Messy — Please wear your own art smock or t-shirt** (an over-the-head tee or Velcro non-tying smock is preferred for ages 5-8). Students will be required to keep all of their belongings at their designated space/seat in their studio. Students will not be sharing art supplies during class.
- **Hands Free is for Me — Bring a backpack with straps.** Only students will be touching their backpack and its contents. Backpacks must include the following where applicable:
 - A lunch, snack or drink (half-day students only need a snack & drink). We are a NUT SAFE ZONE – please no peanuts or tree nuts in your snacks/lunches. Students will not be allowed to share food or other items.
 - A beach or bath towel for sitting outside on the lawn
 - Sunscreen (*snack & lunch will be held outdoors – weather permitting*). Sunscreen must be applied by caretakers before arrival at the Museum.
 - Special personal items that are reviewed with Museum Staff (*for example: epipens, inhalers, etc.*)
 - Light jacket (optional)
- **Step by Step – Sneakers or closed shoes are required for art class.** Flip flops and open-toed sandals are not permitted in the art studios. This will be strictly enforced.

The Museum is following state and local mandated guidelines by:

- Limiting the number of students & interns in each summer art week
- Social distancing by rearranging classrooms to ensure six feet of distance between students, faculty, and staff. We will be using floor markers for appropriate spacing during lineups, as well as hula hoops for snack & lunch time spacing/seating. Running, pushing, and roughhousing are not allowed.
- Displaying public health signage and messaging in all areas of the Museum to continually reinforce community expectations (social distancing, hand washing, face masks, etc.)
- Providing hand sanitizing stations in the lobby, gallery and art studios. All hand sanitizer dispensers, soap and paper towels will be refilled frequently.
- Staff will sanitize *high touch point surfaces* several times a day and the Museum's professional cleaning firm will sanitize all *high touch* surfaces on a weekly basis.
